Important Student Health Insurance Information.

Your student health insurance coverage, offered by UnitedHealthcare Insurance Company may not meet the minimum standards required by the healthcare reform law for restrictions on annual dollar limits. The annual dollar limits ensure that consumers have sufficient access to medical benefits throughout the annual term of the policy. Restrictions for annual dollar limits for group and individual health insurance coverage are \$1.25 million for policy years before September 23, 2012; and \$2 million for policy years beginning on or after September 23, 2012 but before January 1, 2014. Restrictions on annual dollar limits for student health insurance coverage are \$100,000 for policy years before September 23, 2012 and \$500,000 for policy years beginning on or after September 23, 2012, but before January 1, 2014. Your student health insurance coverage puts a policy year limit of 100,000 that applies to the essential benefits provided in the Schedule of Benefits unless otherwise specified. If you have any questions or concerns about this notice, contact Customer Service at 1-800-505-4160. Be advised that you may be eligible for coverage under a group health plan of a parent's employer or under a parent's individual health insurance policy if you are under the age of 26. Contact the plan administrator of the parent's employer plan or the parent's individual health insurance issuer for more information.
