Eligibility

All undergraduate students enrolled in 6 or more credit hours are required to purchase this insurance Plan, unless proof of comparable coverage is furnished. All graduate students (enrolled in at least 1 credit hour) and Visiting/Research Scholars are eligible to enroll in this insurance Plan.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse or Domestic Partner and dependent children including a grandchild, child placed with the Insured for legal adoption, child of a Domestic Partner, or a child for whom the Named Insured is under testamentary or court appointed guardianship, other than temporary guardianship of less than 12 months duration and a child for whom the Named Insured is under a court order to provide coverage, 26 years of age. A dependent shall also mean a dependent of the Insured as the term is used in 26 U.S.C §§ 104, 105, 106, and any regulations adopted under those sections, under 26 years of age. See the Definitions section of the Certificate for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student participant.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 1, 2014. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., July 31, 2015. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

If paying premiums by session, coverage expires as follows:

Annual	08-01-14	to	07-31-15
Fall	08-01-14	to	12-31-14
Spring / Summer	01-01-15	to	07-31-15
Summer	06-01-15	to	07-31-15

You must meet the Eligibility requirements each time you pay a premium to continue insurance coverage. The policy includes a Grace Period provision. To avoid a lapse in coverage, your premium must be received within 30 days after the coverage expiration date. It is the student's responsibility to make timely premium payments to avoid a lapse in coverage.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

Proof of total disability may be required at any time.

If an Insured begins a course of Dental Treatment before the Termination Date and requires two or more visits on separate days to a dentist's office, Covered Medical Expenses for such course of treatment will continue to be paid but not to exceed 90 days after the Termination Date.

If an Insured is receiving orthodontic treatment for which benefits are payable before the Termination Date, Covered Medical Expenses for such orthodontic treatment will be covered in one of the following methods:

- Until the later of 60 days after the date coverage terminates or the end of the quarter in progress, if the orthodontist has agreed to accept or is receiving payments on a quarterly basis.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Preferred Provider Information

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are: UnitedHealthcare Choice Plus.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-505-4160 and/or by asking the provider when making an appointment for services.

“Preferred Allowance” means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

“Out-of-Network” providers have not agreed to any prearranged fee schedules. Insured's may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

“Network Area” means the 50 mile radius around the local school campus the Named Insured is attending.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-800-505-4160 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

Out-of-Network Emergency Services

When Emergency Services for a Medical Emergency are provided by an Out of Network Provider, benefits will be subject to the same Copay or Coinsurance amounts that are applicable to Emergency Services provided by a Preferred Provider. Benefits for Emergency Services received from an Out of Network Provider will be paid at the greater of the following, excluding any Copays or Coinsurance that would have been imposed if the service had been received from a Preferred Provider: 1) the benefits specified in the Schedule of Benefits; 2) the Preferred Allowance negotiated with Preferred Providers (if there is more than one amount negotiated with Preferred Providers, the amount shall be the median of these negotiated amounts); 3) the amount payable calculated using the Company's Usual and Customary Charges; or 4) the amount that would be paid under Medicare (part A or part B of title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.) for the Emergency Service. Any other provisions of the policy that apply to cost-sharing for services received from an Out of Network Provider, such as the policy Deductible or Out-of-Pocket Maximum, will continue to apply to Emergency Services received from an Out of Network Provider.

Referral to Out-of-Network Specialist Physician and Non-Physician Specialist in Certain Circumstances

Referrals are not required to see out-of-network Providers; however in certain circumstances a referral may be requested. When an Insured Person is diagnosed with a condition or disease that requires specialized health care service or medical care; the Insured may request a referral to a specialist Physician or a non-Physician specialist who is not part of the Preferred Provider network if:

1. The Company does not have in its provider panel a specialist Physician or a non-Physician specialist with the professional training and expertise to treat or provide health care services for the Sickness or Injury; or
2. The Company cannot provide reasonable access to a specialist Physician or a non-Physician specialist with the professional training and expertise to treat or provide health care services for the Sickness or Injury without unreasonable delay or travel.

Benefits in these two situations will be paid at the level of benefits shown as In-Network Preferred Provider benefits.

Payment to Out-of-Network On-Call Physicians or Hospital – Based Physicians

If an Out-of-Network on-call Physician or Hospital-based Physician has obtained and accepted an assignment of benefits from an Insured and notified the Company of the assignment in the manner prescribed by the Commissioner of Insurance, the on-call Physician or Hospital-based Physician may not: 1) collect from the Insured any money owed to the on-call Physician or Hospital-based Physician by the Company for covered services rendered to the Insured by the on-call Physician or Hospital-based Physician; or 2) maintain any action against the Insured to collect or attempt to collect any money owed by the Company for covered services rendered to the Insured by the on-call Physician or Hospital-based Physician. The Insured shall only be liable to the on-call Physician or Hospital-based Physician for any Deductible, Copayment, or Coinsurance amount owed by the Insured for covered services rendered to the Insured by the on-call Physician or Hospital-based Physician and payment or charges for services that are not covered services under the policy. If Medicare is the primary insurer and the Company is the secondary insurer, the on-call Physician or Hospital-based Physician may collect from the Insured any amount up to the Medicare approved or limiting amount, as specified under the federal Social Security Act, that is not owed to the on-call Physician or Hospital-based Physician by Medicare or the Company after coordination of benefits has been completed.

The Company will pay the on-call Physician or Hospital-based Physician for covered services rendered to an Insured when an assignment of benefits has been obtained and accepted and the Company has been notified as required: 1) within 30 days after receipt of a claim; and 2) in accordance with the reimbursement rates as required by Maryland Insurance Law. The Company may seek reimbursement from an Insured for any payment for a claim or portion of a claim submitted by an on-call Physician or Hospital-based Physician and paid by the Company that the Company determines is the responsibility of the Insured based on the policy provisions.

Payment to Out-of-Network Physicians Not On-Call or Hospital-Based

The Company will not: 1) prohibit the assignment of benefits to a Physician by an Insured; or 2) refuse to directly reimburse an Out-of-Network Physician under an assignment of benefits.

The Company may refuse to directly reimburse an Out-of-Network provider under an assignment of benefits if: 1) the Company receives notice of the assignment of benefits after the time the Company has paid the benefits to the Insured; 2) the Company, due to inadvertent administrative errors, has previously paid the Insured; 3) the Insured withdraws the assignment of benefits before the Company has paid the benefits to the Out-of-Network provider; or 4) the Insured paid the Out-of-Network provider the full amount due at the time of service.

Continuity of Care

At the request of the Insured Person or their parent, guardian, designee or health care provider, the Company will allow a new enrollee in the plan to continue to receive Covered Medical Expenses rendered by an out-of-network Provider at the time of the Insured Persons transition to coverage under this policy from another carrier's policy for the conditions listed below:

1. Acute conditions, which are medical or dental conditions that involve a sudden onset of symptoms due to an Injury, Sickness, or any other medical or dental problem that requires prompt medical attention and has a limited duration.
2. A serious chronic condition, which is a medical or dental condition due to a disease, a Sickness, or any other medical or dental problem that is serious in nature, persists without full cure or worsens over an extended period of time, and is actively managed or supervised by a Physician to maintain remission or prevent deterioration.
3. Pregnancy.
4. Mental Illness and Substance Use Disorders.
5. Any other condition where the out-of-network Provider and the Company reach agreement on continuity of care.

Examples of the conditions listed above include:

1. Bone fractures.
2. Joint replacements.
3. Heart attacks.
4. Cancer.
5. HIV/AIDS.
6. Organ transplants.

The Company will pay the out-of-network Provider the rate and method of payment the Company would normally pay and use for Preferred Providers who provide similar services in the same or similar geographic area.

The out-of-network Provider may decline to accept the rate or method of payment by giving 10 days' prior notice to the Insured and Company. If the out-of-network Provider does not accept the rate or method of payment, the out-of-network Provider and the Company may reach agreement on an alternative rate or method of payment for the Covered Medical Expenses. The rates and methods of payment shall:

1. Be subject to any state or federal requirements applicable to reimbursement for health care providers.
2. Ensure that the Insured is not subject to balance billing and the Copayment, Deductibles and Coinsurance required for the services rendered are the same as those that would be required if the Insured were receiving the services from a Preferred Provider.

If the out-of-network Provider does not accept the rate and method of compensations specified above the following applies:

1. The out-of-network Provider is not required to continue to provide the services.
2. The Insured may assign benefits to the out-of-network Provider and the provider may balance bill the Insured to the extent as if this provision did not exist.
3. Unless the Insured has assigned benefits to the out-of-network Provider, the Company shall facilitate transition of the Insured to a Preferred Provider.

At the request of the Insured Person, or the Insured Person's parent, guardian, designee, or health care provider; the Company will accept a preauthorization from a relinquishing carrier for procedures, treatments, medications, or services covered under the benefits offered by the Company, within the following time periods:

1. The lesser of the course of treatment or 90 days; and

The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

To obtain reimbursement forms, or for information about mail-order prescriptions or Network Pharmacies, please visit www.uhcsr.com and log in to your online account or call 1-855-828-7716.

Definitions

ADOPTED CHILD means the adopted child of an Insured while that Insured person is covered under this policy. Such child will be covered from the moment of the earlier of either: 1) a judicial decree of adoption or 2) the assumption of custody, pending adoption, of a prospective adoptive child by a prospective adoptive parent for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 31 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

When the policy covers Dependents, the Insured will have the right to continue such coverage for the child beyond the first 31 days. If payment of an additional premium is required, the Insured must, within 31 days after the child's date of placement: 1) notify us; and 2) pay the required additional premium for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

CONGENITAL CONDITION means a medical condition or physical anomaly arising from a defect existing at or from birth, including a hereditary defect. A congenital condition includes but is not limited to: 1) Autism or autism spectrum disorder; 2) cerebral palsy; 3) intellectual disability; 4) down syndrome; 5) spina bifida; 6) hydroencephalocele; and 7) congenital or genetic development disabilities.

COPAY/COPAYMENT means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

COSMETIC means the use of a service or supply which is provided with the primary intent of improving appearance, not restoring bodily function or correcting deformity resulting from disease, trauma, or previous therapeutic intervention, as determined by a Physician.

COVERED MEDICAL EXPENSES means: 1) that portion of charges which are not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) that portion of charges which are not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services included in the Schedule of Benefits.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.
2. Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean the amount of Covered Medical Expenses that must be incurred by the Insured Person before becoming eligible for policy benefits. The deductible is subtracted from the amount or amounts otherwise payable as Covered Medical Expenses. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse or Domestic Partner of the Named Insured and their dependent children including a grandchild, child placed with the Insured for legal adoption or child for whom the Named Insured is under testamentary or court appointed guardianship, other than temporary guardianship of less than 12 months duration and a child for whom the Named Insured is under a court order to provide coverage. A dependent shall also mean a dependent of the Insured as the term is used in 26 U.S.C §§ 104, 105, 106, and any regulations adopted under those sections.

If the Named Insured is under a court order to provide coverage, the following apply:

1. The Insured will be allowed to include the child in the coverage regardless of any enrollment period restrictions;
2. If the eligible student is not currently enrolled, the Company shall enroll both the student and the child, without regard to enrollment period restrictions, within 20 business days after receipt of a medical support notice from the eligible student;
3. If the Insured has coverage but does not include the child in the enrollment then:
 - a. The noninsuring parent, child support enforcement agency, or the Department of Health and Mental Hygiene may apply for coverage on behalf of the child; and
 - b. The child may obtain coverage regardless of any enrollment period restrictions.
4. Coverage for the child may not be terminated unless the following written evidence is provided:
 - a. The court order is no longer in effect;
 - b. The child has been or will be enrolled under other reasonable health insurance coverage that will take effect on or before the effective date of the termination;
 - c. The school has eliminated dependent coverage for all of its students; or
 - d. The Insured is no longer a student.

If the child has coverage through an Insured parent, the Company will:

1. Provide membership cards or any other information necessary for the child to obtain benefits to the noninsuring parent; and
2. Process the claims and make appropriate payment to the noninsuring parent, health care provider, or Department of Health and Mental Hygiene if the noninsuring parent incurs expenses for health care provided to the child.

Children shall cease to be dependent at the end of the month in which they attain the age of 26 years. If the child is covered under this policy upon the attainment of the limiting age, such child shall remain a dependent under this policy at the option of the Named Insured until the policy Termination Date.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-support because of mental or physical incapacity.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company annually following the child's attainment of the limiting age.

If a claim is denied under the policy because the child has attained the limiting age for dependent children, the burden is on the Insured Person to establish that the child is and continues to be incapacitated as defined by subsections (1) and (2). The regular dependent premium will be charged to continue coverage for mentally or physically incapacitated dependent children.

DOMESTIC PARTNER means a person of the same or opposite sex who is neither married nor related by blood or marriage within four degrees of consanguinity to the Named Insured but who is: 1) the Named Insured's sole spousal equivalent; 2) lives together with the Named Insured in the same residence; and 3) contributes with the Named Insured for each other's welfare with the intention of remaining in the relationship indefinitely. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

Payment will not be made on claims, bills, or other demand for request for payment for health care services provided resulting from a health care provider's prohibited referral of an Insured, as determined by the appropriate regulatory board, to a health care entity: (1) in which the health care provider or the provider in combination with the health care provider's immediate family owns a beneficial interest; (2) in which the health care provider's immediate family owns a benefit interest of 3 percent or greater; or (3) with which the health care provider, the health care provider's immediate family, or the health care provider in combination with the health care provider's immediate family has a compensation arrangement.

Claims will be processed and payment will be made to the non-insuring parent, health care provider or Department of Health and Mental Hygiene for Covered Medical Expenses under this policy for an Insured Person if the non-insuring parent incurs charges for Covered Medical Expenses when the Company has been notified that the Insured parent is under a medical support court order. Please see the definition of Dependent for additional details.

TIME OF PAYMENT OF CLAIM: Indemnities payable under this policy for any loss will be paid within 30 days upon receipt of due written proof of such loss.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) date last day of the month last day of the Policy Year the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Provided by or under the direction of a Dental Provider.
- B. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.
- C. Performed in a dental setting not including hospitalization and facility charges.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Any amount the Insured Person pays in Deductibles for Dental Care Services under this endorsement applies to the Out-of-Pocket Maximum stated in the policy Schedule of Benefits.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

Continuity of Care

At the request of the Insured Person or their parent, guardian, designee or health care provider, the Company will allow a new enrollee in the plan to continue to receive Covered Medical Expenses rendered by an out-of-network Provider at the time of the Insured Persons transition to coverage under this policy from another carrier's policy for the conditions listed below:

1. Acute conditions, which are medical or dental conditions that involve a sudden onset of symptoms due to an Injury, Sickness, or any other medical or dental problem that requires prompt medical attention and has a limited duration.
2. Serious chronic condition, which is a medical or dental condition due to a disease, a Sickness, or any other medical or dental problem that is serious in nature, persists without full cure or worsens over an extended period of time, and is actively managed or supervised by a Physician to maintain remission or prevent deterioration.
3. Pregnancy.
4. Mental Illness and Substance Use Disorders.
5. Any other condition where the out-of-network Provider and the Company reach agreement.

Examples of the conditions listed above include:

1. Bone fractures.
2. Joint replacements.
3. Heart attacks.

The Company will pay the out-of-network Provider the rate and method of payment the Company would normally pay and use for Preferred Providers who provide similar services in the same or similar geographic area.

The out-of-network Provider may decline to accept the rate or method of payment by giving 10 days' prior notice to the Insured and Company. If the out-of-network Provider does not accept the rate or method of payment, the out-of-network Provider and the Company may reach agreement on an alternative rate or method of payment for the Covered Medical Expenses. The rates and methods of payment shall:

1. Be subject to any state or federal requirements applicable to reimbursement for health care providers.
2. Ensure that the Insured is not subject to balance billing and the Copayment, Deductibles and Coinsurance required for the services rendered are the same as those that would be required if the Insured were receiving the services from a Preferred Provider.

If the out-of-network Provider does not accept the rate and method of compensations specified above the following applies:

1. The out-of-network Provider is not required to continue to provide the services.
2. The Insured may assign benefits to the out-of-network Provider and the provider may balance bill the Insured to the extent as if this provision did not exist.
3. Unless the Insured has assigned benefits to the out-of-network Provider, the Company shall facilitate transition of the Insured to a Preferred Provider.

At the request of the Insured Person, or the Insured Person's parent, guardian, designee, or health care provider; the Company will accept a preauthorization from a relinquishing carrier for procedures, treatments, medications, or services covered under the benefits offered by the Company, within the following time periods:

Coordination of Benefits Section

Updated #2

removed The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.

Added #5

Dependent Child/Parental and Spousal Coverage. If a Dependent child has coverage under either or both parents' plans and also has his or her own coverage as a Dependent under a spouse's plan, the order of benefit determination shall be the same as provided under paragraph (8) for Longer/Shorter Length of Coverage.

In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by the following:

- (a) The benefits of the Plan of the parent/spouse whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent/spouse whose birthday falls later in that year.

However, if both the parents and spouse have the same birthday, the benefits of the Plan which covered the parent or spouse longer are determined before those of the Plan which covered the other parent/spouse for a shorter period of time.

Updated #8

Longer/Shorter Length of Coverage. If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

To determine the length of time a person has been covered under a plan, two successive plans shall be treated as one if the covered person was eligible under the second plan within twenty-four (24) hours after coverage under the first plan ended. The start of the new plan does not include:

- (a) A change in the amount or scope of a plan's benefits.
- (b) A change in the entity that pays, provides, or administers the plan's benefits.
- (c) A change from one type of plan to another, such as, from a single employer plan to a multiple employer plan.

The person's length of time covered under a plan is measured from the person's first date of coverage under that plan. If that date is not readily available for a group plan, the date the person first became a member of the group shall be used as the date from which to determine the length of time the persons coverage under the present plan has been in force.
