Eligibility

All full-time undergraduate and international students are automatically enrolled in this insurance Plan at registration, unless proof of comparable coverage is furnished.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse or Domestic Partner and dependent children under 26 years of age. See the Definitions section of the Certificate for the specific requirements needed to meet Domestic Partner eligibility.

Dependent Eligibility expires concurrently with that of the Insured student.

Effective and Termination Dates

The Master Policy on file at the school becomes effective at 12:01 a.m., August 1, 2015. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., July 31, 2016. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 12 months after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Preferred Provider Information

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-505-4160 and/or by asking the provider when making an appointment for services.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

"Network Area" means the 50 mile radius around the local school campus the Named Insured is attending.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS - Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-800-505-4160 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

Out-of-Network Medical Emergency Services

When Medical Emergency Services for an Emergency Medical Condition are provided by an Out of Network Provider, benefits will be based on the lesser of an amount negotiated with the Out-of-Network Provider or the billed amount. Benefits will be subject to the same Deductible, Copay or Coinsurance amounts that are applicable to Medical Emergency Services provided by a Preferred Provider.

Example of Determination of Payment Obligations:

Preferred Provider Benefits

Preferred Provider Coinsurance percentage applied to the Preferred Allowance

For example, if the policy pays 90% of Preferred Allowance and the Preferred Allowance is \$100; the Company's benefit payment would be $90\% \times \$100 = \90 .

The Company would pay \$90 and the Insured would be responsible for payment to the Preferred Provider of \$10. The billed amount less the Preferred Allowance is an ineligible amount not owed to the Preferred Provider in accordance with an agreement between the Company and provider.

Out-of-Network Benefits

Out-of-Network Coinsurance percentage applied to the Usual and Customary Charge

For example, if the policy pays 80% of Usual and Customary and the Usual and Customary Charge is \$100, the Company's benefit payment would be $80\% \times \$100 = \80 .

The Company would pay \$80 and the Insured would be responsible for payment to the provider of the billed amount less the amount the Company paid.

NOTICE: The Insured's actual costs for Covered Medical Expenses may exceed the stated Coinsurance or Copayment amount because actual provider charges may not be used to determine Policy and Insured payment obligations.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If a Preferred Provider is not available in the Network Area, benefits will be paid at the level of benefits shown as Preferred Provider benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network per service Deductibles.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. UnitedHealthcare Pharmacy Benefits

Benefits are available for outpatient Prescription Drugs on our Prescription Drug List (PDL) when dispensed by a UnitedHealthcare Pharmacy. Benefits are subject to supply limits and Copayments that vary depending on which tier of the PDL the outpatient drug is listed. There are certain Prescription Drugs that require your Physician to notify us to verify their use is covered within your benefit.

You cannot refill a prescription until 75% of the applicable supply limit has been used, except under certain circumstances during a state of emergency or disaster.

You are responsible for paying the applicable Copayments. Your Copayment is determined by the tier to which the Prescription Drug Product is assigned on the PDL. Tier status may change periodically and without prior notice to you. Please access www.firststudent.com or call 1-855-828-7716 for the most up-to-date tier status.

\$15 Copay per prescription order or refill for a Tier 1 Prescription Drug up to a 31 day supply.

\$35 Copay per prescription order or refill for a Tier 2 Prescription Drug up to a 31 day supply.

\$60 Copay per prescription order or refill for a Tier 3 Prescription Drug up to a 31 day supply.

Mail order Prescription Drugs are available at 2.5 times the 31 day supply retail Copay up to a 90 day supply.

If a retail UnitedHealthcare Network Pharmacy agrees to the same rates, terms and requirements associated with dispensing a 90 day supply, then up to a consecutive 90 day supply of a Prescription Drug Product at 2.5 times the copay that applies to a 31 day supply per prescription.

Specialty Prescription Drugs – if you require Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drugs. If you choose not to obtain your Specialty Prescription Drug from a Designated Pharmacy, your benefits will be provided under the Out-of-Network Prescription Drug Benefits.

Designated Pharmacies – if you require certain Prescription Drugs including, but not limited to, Specialty Prescription Drugs, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drugs. If you choose not to obtain these Prescription Drugs from a Designated Pharmacy, your benefits will be provided under the Out-of-Network Prescription Drug Benefits.

Please present your ID card to the network pharmacy when the prescription is filled.

If you do not present the card, you will need to pay for the prescription and then submit a reimbursement form for prescriptions filled at a network pharmacy along with the paid receipt in order to be reimbursed. To obtain reimbursement forms, or for information about mail-order prescriptions or network pharmacies, please visit www.firststudent.com and log in to your online account or call 1-855-828-7716.

When prescriptions are filled at pharmacies outside the network, the Insured must pay for the prescriptions out-of-pocket and submit the receipts for reimbursement to UnitedHealthcare **StudentResources**, P.O. Box 809025, Dallas, TX 75380-9025. See the Schedule of Benefits for the benefits payable at out-of-network pharmacies.

5. Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
6. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration and requires a Prescription Order or Refill. 7. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that the Company has determined are Therapeutically Equivalent to an over-the-counter drug. Definitions:

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

1. Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
2. Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.
3. The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

1. Phases 1, 2, 3, or 4 clinical trials for which benefits are specifically provided for in the policy.
2. If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Unproven Services means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

1. Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
2. Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

Network Pharmacy means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on our behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

New Prescription Drug Product means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31st of the following calendar year.

Prescription Drug or Prescription Drug Product means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the policy, this definition includes insulin.

Prescription Drug Cost means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

Prescription Drug List means a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.firststudent.com or call Customer Service at 1-855-828-7716.

Prescription Drug List Management Committee means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

Restricted Drug means those covered Prescription Drugs or devices for which reimbursement by the Company is conditioned on the prior approval to prescribe the drug or device or on the provider prescribing one or more alternative drugs or devices before prescribing the drug or device in question.

Specialty Prescription Drug Product means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at www.firststudent.com or call Customer Service at 1-855-828-7716.

Therapeutically Equivalent means when Prescription Drugs can be expected to produce essentially the same therapeutic outcome and toxicity.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.

No agent has authority to change this policy or to waive any of its provisions. No change in the policy shall be valid until approved by an executive officer of the Company and unless such approval be endorsed hereon or attached hereto. Such an endorsement or attachment shall be effective without the consent of the Insured Person but shall be without prejudice to any claim arising prior to its Effective Date.

PAYMENT OF PREMIUM: All premiums are payable in advance for each policy term in accordance with the Company's premium rates. The full premium must be paid even if the premium is received after the policy Effective Date. There is no pro-rata or reduced premium payment for late enrollees. Coverage under the policy may not be cancelled and no refunds will be provided unless the Insured enters the armed forces. A pro-rata premium will be refunded upon request when the insured enters the armed forces.

Premium adjustments involving return of unearned premiums to the Policyholder will be limited to a period of 12 months immediately preceding the date of receipt by the Company of evidence that adjustments should be made. Premiums are payable to the Company, P.O. Box 809026, Dallas, Texas 75380-9026.

GRACE PERIOD: A grace period of thirty-one (31) days will be granted for the payment of any premium due except the first premium. Coverage shall continue in force during this grace period unless the Insured has given the Company written notice of discontinuance.

NOTICE OF CLAIM: Written notice of claim must be given to the Company within 90 days after the occurrence or commencement of any loss covered by this policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the Named Insured to the Company, P.O. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to furnish proof. In no event except in the absence of legal capacity shall written proofs of loss be furnished later than one year from the time proof is otherwise required.

TIME OF PAYMENT OF CLAIM: Indemnities payable under this policy for any loss will be paid within 30 calendar days upon receipt of due written proof of such loss.

Said deduction shall be made with the same force and effect as a Deductible herein defined.

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of 3 years after the time written proofs of loss are required to be furnished.

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 1-877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
 - Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy.
 - ♦ For treating a life threatening dental disease or condition.
 - ♦ Provided in a clinically controlled research setting.
 - ♦ Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

Grievance Review Procedures

First-Level Grievance Review

The Insured Person or their Authorized Representative has the right to submit all Grievances to the Company for review.

The written Grievance review request should include:

1. A statement specifically requesting to submit a Grievance;
2. The Insured Person's Name and ID number (from the ID card);
3. The date(s) of service;
4. The Provider's name;
5. The reason for the submission of the Grievance; and
6. Any written comments, documents, records, or other material relevant to the claim.

Please contact the Customer Service Department at 1-800-505-4160 with any questions regarding the internal Grievance review process. The written request for an internal Grievance review should be sent to: Claims Appeals, UnitedHealthcare StudentResources, P.O. Box 809025, Dallas, TX 75380-9025.

Within 3 business days after receiving a Grievance other than a Grievance concerning the quality of clinical care received by the Insured, the Company shall provide the Insured with the name, address, and telephone number of the Grievance review coordinator and information on how to submit written material.

For a Grievance concerning the quality of clinical care delivered by the Insured's provider, the Company will provide acknowledgement of the Grievance to the Insured within 10 business days. The acknowledgement shall advise the Insured Person of the following:

1. The Company will refer the Grievance to its quality assurance committee for review and consideration or any appropriate action against the provider; and
2. North Carolina state law does not allow for a second-level Grievance review for a Grievance concerning quality of care.

The Company shall issue a written decision to the Insured or the Insured's Authorized Representative within 30 days after receiving a Grievance.

Second-Level Grievance Review

An Insured or an Insured's Authorized Representative may submit a request for a second-level Grievance review when not satisfied with the first-level Grievance review decision. This second-level review is not available for Grievances concerning quality of care. The Company shall, within 10 business days after receiving a request for a second-level Grievance review, provide notice of receipt and provide the Insured with the name, address, and telephone number of the Grievance review coordinator and information on how to submit written material.

The Company shall convene a second-level Grievance review panel for each request. The panel shall be comprised of persons who were not previously involved in any matter giving rise to the second-level Grievance review, are not employees of the Company, and do not have a financial interest in the outcome of the review. All persons reviewing a second-level Grievance involving clinical issue must be providers who have appropriate expertise, including at least one clinical peer. When the second-level review panel is comprised of three persons or more and a clinical peer was used on the first-level Grievance review panel, the Company may use one of the Company's employees on the second-level Grievance review panel in place of a clinical peer.

The second-level review panel will schedule and hold a review meeting within 45 days after receiving a request for a second-level review. The Insured Person shall be notified in writing within at least 15 days before the review meeting date. Necessary information includes the results of any patient examination, clinical evaluation, or second opinion that may be required.

For Retrospective Reviews, the Company will make the determination within 30 days after receiving all necessary information.

Internal Appeal

The Insured Person, or the Insured Person's Authorized Representative, must submit a written request for an Internal Appeal of Noncertification or Adverse Determination within 180 days after receipt of a notice of a Noncertification or Adverse Determination and include the following information:

1. A statement specifically requesting an Internal Appeal of the decision;
2. The Insured Person's Name and ID number (from the ID card);
3. The date(s) of service;
4. The Provider's name;
5. The reason the claim should be reconsidered; and
6. Any written comments, documents, records, or other material relevant to the claim.

An expedited internal appeal of a Noncertification or Adverse Determination may be requested by an Insured Person or the Insured's provider only when a nonexpedited appeal would reasonably appear to seriously jeopardize the life or health of an Insured Person or jeopardize the Insured's ability to regain maximum function.

In consultation with a medical doctor licensed to practice medicine in the state of North Carolina, the Company shall provide written notification of the decision to the Insured Person and the Insured's provider:

1. Within 30 days after the request for a nonexpedited appeal; or
2. As soon as reasonably possible, but not later than 4 days after receipt of information justifying the expedited review.

If the decision is not in favor of the Insured Person; the Insured has the right to file an external review request with the Commissioner of the North Carolina Department of Insurance. If the Insured Person has a medical condition where the time frame for completion of an expedited internal review would reasonably be expected to seriously jeopardize the life or health of the Insured Person, the Insured Person may file a request for an expedited external review at the same time the Insured Person files for an expedited internal review. The Commissioner will determine whether the covered person shall be required to complete the internal expedited review before conducting the expedited external review.

Expedited Internal Appeal

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Appeal.

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person's medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 1-888-315-0447. The written request for an Expedited Internal Appeal should be sent to: UnitedHealthcare **Student**Resources, PO Box 809025, Dallas, TX 75380-9025.

Right to External Independent Review

North Carolina law provides for the review of Noncertification or Adverse Determination decisions by an external independent review organization (IRO). Except for cases when the Insured requests an expedited appeal, external review is available to the Insured only after he or she has completed the Company's internal appeal process for Noncertification. The Insured or an Authorized Representative must make a request to the North Carolina Department of Insurance (NCDOI) for an external review with 120 days of the date of the notice of Noncertification or Adverse Determination. The NCDOI administers this service at no charge to the Insured and will arrange for the review of the Insured's case by an IRO once the NCDOI establishes that the request is complete and eligible for review.

External review is performed on a standard and expedited timetable, depending on which is requested and on whether medical circumstances meet the criteria for expedited review. Rescissions of coverage are not eligible for External Review in the state of North Carolina but will be reviewed at the Internal Appeals level.

Expedited External Review

An Expedited External Review request may be submitted either orally or in writing for:

1. A Noncertification decision if:
 - the Insured Person or the Authorized Representative has filed a request for an expedited appeal of Noncertification or Adverse Determination; and
 - the Noncertification or Adverse Determination involves a medical condition for which the timeframe for completing an expedited appeal of Noncertification or Adverse Determination would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
2. An appeal decision upholding a Noncertification or Adverse Determination, if:
 - the Noncertification or Adverse Determination involves a medical condition for which the timeframe for completing an expedited internal review of a Noncertification or Adverse Determination would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; and

- the Insured Person or Authorized Representative has filed a request for an expedited internal review of a Noncertification or Adverse Determination.
